NOTICE OF RESPONSIBILITY RESTRICTION

Despite the exerted efforts to make this Manual more exact, some discrepancies may occur. The information in this Manual is given on “as is” terms. The author and the publisher do not bear any liability to a person or an organization for loss or damage which has arisen from the information contained in this Manual.

BUYER RECOMMENDATIONS

- Unpack the device carefully. Make sure there are no accessories left in the box. Check up the device for damage; if the product was damaged during transportation, address the firm which carried out the delivery; if the product functions incorrectly, address the dealer at once.
- Check up the package contents and availability of the warranty card. Make sure the warranty card has a shop stamp, a legible signature or the seller’s stamp and purchase date, and the goods number corresponds to that in the warranty card.
- Do not switch on the device immediately after you bring it into a room from environment with negative temperature! After unpacking, the device should be kept in conditions of room temperature for at least 4 hours.
- Before installing and using the device, read this Manual carefully and keep it for future reference.
- Shipping and transportation equipment is permitted only in the original container.
- Does not require special conditions for realization.
- Dispose of in accordance with regulations for the disposal of household and computer equipment.

APPLICATION

MK-820 Wireless Microphones Set is designed for singing at home, online communication, recording words and phrases in distance learning of foreign languages and validation of their pronunciation.

PACKAGE CONTENTS

- Microphones – 2 pcs
- Receiver – 1 pc
- 6F22 (9V) type batteries – 2 pcs
- 6.3 mm jack – 6.3 mm jack signal cable – 1 pc
- User's Manual – 1 pc
- Warranty card – 1 pc

SAFETY PRECAUTIONS

Caution! High voltage inside! To avoid the risk of electric shock do not open or touch elements inside.

- To avoid electric shock, do not open the receiver and do not perform repairs by yourself. Service and repairs should be performed only by qualified specialists in an authorized service center. The list of authorized service centers is available on **www.sven.fi**.
- Do not touch the receiver power cord plug pins for 2 seconds after unplugging it from the mains.
- Do not put foreign objects inside the holes of the receiver.
- Protect the receiver from high humidity, water and dust.
- Protect the receiver from heating: do not place it closer than 1 m from a heat source. Do not expose it to direct sunlight.
- Do not place any open flame sources on or close to the receiver.
- Do not place the receiver in poorly ventilated areas. Leave an air gap of 10 cm or more. When operating the receiver, do not put any devices on it, do not cover it with cloth or other objects preventing it from cooling.
- Do not use any chemical agents for cleaning. Clean it with dry soft cloth only.

SPECIAL FEATURES

- Two dynamic microphones in the plastic case
- Wireless transmission of audio signals

MICROPHONE USE PREPARATION

1. Remove the microphone battery cover. Install the 6F22 battery. Observe the polarity as indicated on the receiver case.
2. Set switch to ON. If the microphone power indicator is not illuminated, please, replace the battery with a new one.

CONNECTING THE MICROPHONE

1. Connect the signal cable (included) to the receiver jack AUDIO OUTPUT and to the microphone jack of the PC sound card or to the music center. If it is necessary, use adapter 6.3 mm jack – 3.5 mm mini-jack (not included).
2. Connect the signal receiver to the mains and turn it ON. Central receiver power indicator will light up.
3. Depending on which microphone is being used (A, B, or both) appropriate indicators will illuminate.

Note. For the best reception antenna A and B must be brought and installed in the vertical position.

4. If the quality of microphone sound deteriorated, replace the microphone battery. Also try to change the position of the receiver antenna to achieve optimum performance.
5. Remove the battery when you are not planning to use the microphone for a long time.
6. If you turn off the microphone may cause unwanted noise.

Attention!

- **Protect the unit from direct sunlight and rain. Keep it away from electromagnetic waves.**
- **Do not hold the microphone to the speaker, and to each other.**

TECHNICAL SPECIFICATIONS

Parameter, measurement unit	Value
