- Warranty card – 1 pc

SAFETY PRECAUTIONS

Caution! High voltage inside! To avoid the risk of electric shock do not open or touch elements inside.

- To avoid electric shock, do not open the MSS and do not perform repairs by yourself. Service and repairs should be performed only by qualified specialists in an authorized service center. The list of authorized service centers is available at **www.sven.fi**.
- Do not touch the MSS power cord plug pins for 2 seconds after unplugging it from the mains.
- Do not put foreign objects inside the holes of the MSS.
- Protect the MSS from high humidity, water and dust.
- Protect the MSS from heating: do not place it closer than 1 m from a heat source. Do not expose it to direct sunlight.
- Do not place any open flame sources on or close to MSS.
- Do not place the MSS in poorly ventilated areas. Leave an air gap of 10 cm or more. When operating the MSS, do not put any devices on it, do not cover it with cloth or other objects preventing it from cooling.

CONNECTION AND OPERATION

Attention! *The built-in battery must be charged completely prior to the application.*

Speaker system battery charging

- Connect the speaker to the 230V mains socket via the jack ⑱ using the power cord (included) or via the jack ⑲ to the 6V battery charger (not included). During battery charging the indicator ⑳ is red.
- The battery is used in the speaker system as an integral part of the device, therefore do not try to extract or replace it, because this can result in the warranty cancellation or the device damage.
- Adjust the overall volume level by turning the knob ①.

Attention! *For powering the speaker, it is possible to use D/UM-1 batteries (2 pcs.) (not included). Install them into the battery compartment ⑲. Observe the polarity.*
